Delivering Life Without Limits

The 2024-2025 Fiscal Year pulled some impressive statistics for UCP, but those numbers only tell part of the story. UCP's success is seen every day in our participants and staff. We see success when our Adult Day Program participants bravely push themselves to go on outings, even if it is something as simple as a trip to the convenience store. We celebrate when a Saddle Pals participant rides a horse for the first time. We remember the moments when families form friendships at Recreation events, and watch those bonds grow over time. In the years to come, we will still have statistics that measure our growth, but seeing our participants live their lives without limits will always be the ultimate marker of our success.
